We are inspected by **Ofsted** (Office for Standards in Education) to ensure children get the best care and education possible. Our most recent inspection took place in February 2020 when the nursery was awarded **OUTSTANDING**

"Confident, strong and extremely keen life learners enter the nursery with ease"

Our Rooms

Our room structure means children can receive targeted care suitable for their age and stage of development; we carefully consider the needs of your child before we move them to the next room. We will work closely with you to decide when the time is right for your child to move up and will arrange that sessions for you both so that your child is comfortable in the new room before they are left with their new key person.

Poppy room (0-14months)
Daisy room (12-24months)
Sweetpea & Bluebell rooms (24-36months)
Maple & Cedar rooms (36months+)

You will notice that our rooms are natural looking with white walls and natural displays. This is purposeful to create a calming and welcoming atmosphere. We introduce colour
